

## Installation of ThunderbirdConverter.com

Users can easily download and install **Thunderbird Converter** on their system by performing the following steps:

• Download the latest edition of setup-thunderbird-migrator.exe from the website.

- Go to download and double click on EXE file and press on the RUN button.
- After that, the tool will ask do you want to run this file? Now press **Run** to continue the installation process then **choose language** and then click on the OK button.

Select Se	etup Language X	
	Select the language to use during the installation.	
	English	
	OK Cancel	

- Thereafter, the tool shows a popup message **welcome to the Thunderbird Converter** setup wizard. Now press on the Next button to proceed.
- Accept the terms and conditions by check on I accept the agreement.
